

Whistleblower Policy

No volunteer, employee, director, or trustee of the Woodward Memorial Library who, in good faith, questions or reports an action or suspected action taken by or within the library that is illegal, fraudulent, or in violation of library policy shall suffer adverse employment consequence, intimidation, harassment, discrimination, or other retaliation for questioning or reporting the action.

Individuals may question or report to the Library Director through conversation or in writing. When it would be inappropriate to question or report to the Library Director, individuals may question or report to the Board President of the Woodward Memorial Library through conversation or in writing. All violations or suspected violations may be submitted on a confidential or anonymous basis. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

Reports of suspected violations of law or policy and reports of retaliation will be investigated promptly. The Library Director or the Board of Trustees will conduct or designate other internal or external parties to conduct the investigations. The investigating parties will notify the concerned individuals of their findings, and prepare other reports as indicated by the circumstances. A summary of all such reports will be presented to the Library Board of Trustees.

A copy of this policy will be distributed to all directors, officers, employees and to volunteers who provide substantial services to the library. This Whistleblower Policy shall not apply to allegations made with reckless disregard for accuracy.
